Lot Sold.

Mr. C. D. Powell sold a lot, with 75
feet front on Campbell Street, just
south of his store, to S. G. Haselden, at
\$750.

On Parole.

Mr. S. B. Jennings who went to prison
for five years, for killing Mase Miller,
has been paroled after serving 14
months. He has many friends and re-
latives, who hope that his conduct will
be that of a good citizen.

To Teachers.

Miss Jennie Higgins, County Super-
intendent, has information, from the
State School Superintendent, that
the money for teachers will not be
ready next pay day, Saturday, because
taxes are slow coming in.

Had Lost Hope.

L. G. Botkin, Paris, Ky., says: "I
had no hopes of saving my hogs, as
some of them could not eat. I drench-
ed them with Bourbon Hog Cholera
Remedy and did not lose a hog. Sold
by J. H. Mount & Co., Lancaster, Ky."

Opera House.

A meeting of the Stockholders of
the Lancaster Opera House Company,
is called for Friday, November 13,
at 7 o'clock P. M. in the Directors
room of The Garrard Bank and Trust
Company. Every one must attend
this meeting as matters of great
importance are to be brought before
them.

Sales.

Joe S. Haselden has sold the prop-
erty bought of Henry Duncan, on
Richmond street, to his brother, S. G.
Haselden, and he has bought a half
interest in the undertaking business
of J. A. Beazley on Danville street.
Their office will be with their insur-
ance, at the National Bank. Joe is a
hustler and we predict abundant suc-
cess for him.

The Alpha.

Mr. W. G. Anderson showed us a
copy of this paper, published in 1877,
in this city, by Mr. A. B. Ekin. It
is a newsy little sheet and contains
much that would be interesting to
many of our citizens; one item
stating that the members of the
Christian church subscribed \$1,600,
one Sunday, to pay some debts; and
B. F. Hudson, Principal of the Male
Academy, advertises that those who
are not able to pay tuition, will be
taught gratuitously.

Circuit court one week from next
Monday, November 23rd.

A Democratic committee, for Gar-
rard county will be elected Saturday
November 21.

The Ladies Aid Society, of the
Christian church, will meet with Mrs.
W. T. West on Saturday at 2:30 P. M.

Today is the last day for paying
the sum required to enter the primary
election to be held on 28th.

Miss Fannie Henry, of El Dorado,
Ark., sent her mother, Mrs. S. B.
Henry, a curiosity in the way of a per-
simmon, it being 34 inches in diam-
eter and weighing 12 ounces.

Light.

We were only in darkness three
nights. A rain fell after we noted
the shutting down of the electric
plant, and Mayor Logan, chief
of Police Herron, and the city council
said: "Let there be light," and it
came on Wednesday. Our citizens are
delighted and they now know the
value of our light plant.

Fires.

The residence of Mr. Andrew Bogie,
of Buckeye, burned Sunday morning
at 11:30. Church, which was in ses-
sion nearby, adjourned and his furni-
ture was nearly all saved. \$600 insur-
ance with Beazley & Haselden. Loss
about \$1,000.

Frank Ross' residence on Danville
pike burned Tuesday. Total loss, no
insurance.

Educational.

The next time of meeting has been
set by the School Improvement League
for the last day of the month, Mon-
day, Nov. 30th. The public is
cordially invited to this meeting, as
it is hoped to institute a measure in
which every man and woman in Lan-
caster will be interested. The mem-
bers are urged to attend and pay their
dues and take immediate action on a
matter of importance.

Sad Death.

The news of the death of Mrs. J. R.
Harris, at Stanford, on Tuesday after-
noon, was received with feelings of
regret and sorrow by all those who had
had the good fortune to meet her.
She was about thirty years old and was
Miss Mary Cash, of Lincoln county.
She was married about ten years ago
to Mr. J. Randolph Harris, of this
city, son of Judge and Mrs. W. Harris,
who has lived in Stanford since the
marriage. Funeral services were held
at the residence, in Stanford on Thurs-
day, and the body was buried in Stan-
ford cemetery, in the presence of
many relatives and friends. She leaves
a daughter, age 8 years, and the people
tender sincere condolence to her and
her father.

Kind Words.

The following is from the Louis-
ville Times of Oct. 29: Louis Lan-
drum, publisher of the CENTRAL
RECORD at Lancaster, sold the plant
to F. S. Hughes, at a good figure. Mr.
Landrum has in view newspaper work
at another point. A newspaper man
from start to finish, it is with genuine
regret that we learn of this change in
the RECORD which Mr. Landrum has
seen fit to make. No matter where
he pitches his tent the hearts of the
Kentucky Press and especially the
Eight District Publishers' League,
of which he is a charter member, will
follow him with the same warm feel-
ings of love and esteem that his de-
lightful personality and brilliancy of
mind has so long inspired in them.

The sale of the Lancaster Record
which was sold to Henry Eastin last
week failed to go through and the
newspaper was put up at auction this
week and was purchased by Sauley
Hughes, of Lancaster, for \$4,500. Mr.
Hughes is a brother of the prominent
Louisville newspaper man, Robert E.
Hughes, and is said to be a hustler.
Editor Landrum, who is one of the
most popular editors in the State and
ready has a number of splendid offers
and will likely go into larger journal-
ism.—Danville Advocate.

We regret very much to learn that
our good friend, Louis Landrum has
severed his connection with the Lan-
caster Record, which was one of the
best edited and cleanest sheets in the
state. Mr. Landrum is a whole-soul
fellow and can claim many warm
friends and especially so among the
newspaper fraternity. We sincerely
hope that whatever business he may
engage in, that success will crown his
efforts.—Mt. Vernon Signal.

Louis Landrum, the pet of the Ken-
tucky press, has sold the Lancaster
Record to Mr. F. S. Hughes. In wel-
coming Mr. Hughes to a high place in
the profession we are glad to at the
same time know that Mr. Landrum
will not only continue in Kentucky
journalism, but will remain in the 8th
District League. In fact, we can not
well spare Louis.—Harrodsburg Demo-
crat.

Only Lost One.

Mrs. Cynthia Duncan, Georgetown,
Ky., says: "I had occasion to use
Bourbon Poultry Cure with my turkeys
this year and it cured them. I only
lost one, don't think I would have lost
it if I had used this medicine sooner."
Sold by J. H. Mount & Co., Lancaster,
Ky.

son's room Danville Street, December

The first quarterly report of Lan-
caster Graded School, for 1908 and
1909, is an excellent one, and will ap-
pear in next issue of the Record.

Call.

The Democratic Committee of Gar-
rard county is called to meet at court
house in Lancaster on Saturday, No-
vember 14, 1908 at 2 o'clock p. m.
Business of importance.

On Wednesday 11th at the home of
the bride, at Buckeye Kentucky, J. L.

Bogie age 16. The parties are both
popular and have many friends who
offer congratulations.

Teachers.

The Teacher's Association of the
Lancaster Magisterial District will
meet at the Graded School Building,
Saturday Afternoon, November 21, at
2:30 o'clock. An interesting program
has been prepared and every one is
cordially invited to be present.

Miss Knapp West, Sec.

Election Of Officers.

The U. D. C. met for the election of
officers on Monday afternoon of this
week. The officers are as follows: Mrs.
Martha Frisbie, President; Mrs. S. D.
Cochran, 1st Vice President; Mrs. Re-
becca West, Honorary Vice President;
Mrs. James Royston Treasurer; Mrs.
Ed Gaines, Recording Secretary; Mrs.
Alex D. Dwy, Corresponding Secretary;
Mrs. B. F. Hudson, Historian; Mrs.
Fannie Farra, Chaplain.

For Clerk.

Elsewhere in this issue will be
found the announcement of Mr. W. B.
Mason for Circuit Court Clerk, sub-
ject to the Democratic primary on
November 28th. He served in that
office, as deputy for several years and
as clerk for many years, making in all
35 years. It is conceded, by the Bench,
the Bar and the people generally that
there is not a better qualified man,
for the position in the entire county.

Dark and Dry.

Our water supply was cut off last
Saturday, by order of Mayor Logan,
as the water in the lake was getting
low and it was necessary to have fire
protection. So, many people are haul-
ing water and as the moon wanes we
will be in darkness. This will teach
us to appreciate blessings while we
enjoy them. Our water supply will
always be equal to any ordinary con-
dition, but it must be remembered
that this is the worst drought in the
history of Kentucky, and more loss
and suffering has resulted from it.

Notice!

The democrats of each precinct, in
Garrard county, will meet at their re-
spective voting places, on Saturday
November 21st, 1908, at 2 o'clock p.
m., standard time, and elect a com-
mittee man to serve until his successor
is elected. On the following Monday
the nine committeemen thus elected
will meet at the Court House in Lan-
caster, and organize and elect a chair-
man and secretary to serve as provided
by law. W. G. Gooch, Chm.

Obituary.

Mr. James A. Bratton, age 64 years,
died at the home of his son, R. G.
Bratton, on Saturday morning, of
heart trouble. Funeral services were
conducted at Lancaster cemetery, on
Sunday at 2 p. m., by Rev. C. C. Brown,
of the Presbyterian church. Deceased
was a Confederate Veteran and a
worthy, affable gentleman. A large
crowd of friends and relatives witness-
ed the burial, which was conducted by
the Confederate Veterans, the depart-
ad having attended the burial of many
comrades, and thus showed his alle-
giance to the cause to which he had
given some of his best years. He had
many noble traits of character, and
he was a man of courage and deter-
mination, though he was not able to
rally from his last attack of nervous
trouble. He leaves two sons, R. G. and
J. A. Bratton, who are well and favor-
ably known in this county, and Mrs.
Susie Melghan, an estimable lady, of
Louisville, whose friends condole with
them in their great bereavement.

A Good One.

There has been recalled by the death
of James W. Paul, the Philadelphia
banker, this story, which he told long
ago: "I was going home one night
late and saw a man who had evidently
looked too deep into the cup, making
frantic but unsuccessful efforts to
open a door with a latchkey. I de-
cided to help the man, who was not so
gone as to have forgotten his po-
liteness, for before entering the house
through the door which I succeeded in
opening he asked my name and thank-
ed me. I proceeded on my way, but
had only gone a few steps when I
heard some one call: Mr. Paul. Mr.
Paul! I turned, and there was my
friend of the latchkey coming toward
me with unsteady gait. He put one
hand affectionately on my shoulder,
and looking me in the face, said:
"Say, did you ever get an answer to
that long letter you wrote to the
Theosophists?"—Chicago Daily News.

General News.

Many of the politicians in Washing-
ton believe it is not improbable that
President Roosevelt will be elected to
the Senate from New York to succeed
Senator Platt.

Democratic politicians expressed the
opinion in Washington that Bryan's
defeat was due to an unlimited amount
of money and an unwarranted lack of
confidence in the principles and
pledges of the Democratic platform.

The Government's contention that
the American Tobacco Company is a
trust operating in restraint of trade
and in violation of the Sherman anti-
trust law, was sustained in decisions
handed down by Judges Lacombe, Cox,
Noyes in the United States Circuit
Court at New York. Judge Ward dis-
sented.

Dispatches to Dun's Review indicate
that the sentiment in business circles
has distinctly improved since the elec-
tion, many large contracts being placed
that were held back until the removal
of that uncertainty. Many mills and
factories have increased their active
capacity, and there is a better demand
for labor.

President Roosevelt is engaged in
preparing his last regular message to
Congress. It is expected that his most
earnest recommendations will be for
amendments to the Sherman anti-trust
act, an increase in the powers of the
Interstate Commerce Commission and
a greater navy. The tariff question,
it is believed, he will leave for his suc-
cessor.

**Resolutions Passed by the Demo-
cratic Senatorial Committee of
the 18th District.**

Be it resolved by the democratic
county chairman of Lincoln, Boyle, Ca-
sey and Garrard counties, composing
the 18th Senatorial district of Ken-
tucky, that a call be issued by the
Democratic Senatorial Committee of
the 18th Senatorial district of Ken-
tucky for a mass convention to be held
at the respective county seat of
several counties in said district on the
17th day of November, 1908, at the
hour of 2 p. m., on said date, for the
purpose of selecting delegates from
said counties to attend a district con-
vention to be held at Liberty, Casey
county, Ky., on the 18th day of Novem-
ber, 1908, at which Senatorial district
convention there shall be selected by
said delegates, a democratic nominee
for the said 18th senatorial district of
Kentucky.

Be it further resolved:
That the basis of representation
from the said several counties in said
18th district shall be as follows: One
delegate for each 200 votes cast for the
democratic nominee for president in
the election of 1904 or fractional part
of said 200 votes, and
Be it further resolved:
That in pursuance of said basis of
representation that Lincoln county
shall be entitled to nine delegates,
Casey county six delegates, Boyle
county eight delegates and Garrard
county six delegates, to attend said
district convention at Liberty, Ky.,
as aforesaid, and that all known
democrats who have heretofore sup-
ported the democratic ticket, and all
young men who have become of age
since the last regular democratic elec-
tion and who purpose to affiliate with
the democratic party, shall be eligi-
ble and are hereby invited to partici-
pate in said mass convention to be
held in said counties.

Be it further resolved:
That the delegates selected from
the several counties to attend the
Senatorial District Convention and
who shall hold credentials as such,
signed by the Chairman and Secretary
of the County Convention, shall be
prima facie entitled as delegates to
organize and participate in the
District Convention.

**How Much Time Are You Giving To
Religion.**

Have you ever thought how little of
our time is given to Christ and reli-
gion? In fact, the average church
member gives very little time to Christ.
Very often it would not amount to one
hour in a week. God, from the crea-
tion of the world, set apart one day to
be devoted entirely to him and his ser-
vice. Surely that time should be giv-
en to Christian work and worship.
How is the day spent by many who be-
long to the church of Christ? They
are late in arising, no time is taken for
prayer and the reading of the Word
of God, the services of the sanctuary
are not attended, and they go to their
rest at night without opening the
Bible and without a word of prayer.
The day has been spent in pleasure,
visiting, speaking about worldly things
and sometimes even in gross violation
of the command of God. And when
the minister of God remonstrates with
such members of the church, telling
them of neglect of the duties they owe
to Christ, he is told that because of
press of business, because of close con-
finement to an office or store or other
place of labor, Christ must be robbed
of the time and service due him, and
the sacred hours of the holy Sabbath
desecrated.

CENTRAL RECORD

ISSUED WEEKLY. \$1.00 A YEAR.

F. S. HUGHES, Edr.-Pubr.

Entered at the Post Office in Lancaster, Ky., as Second-Class Mail Matter.

Member Ky. Press Association.
and
Eighth District Publishers League.

Lancaster, Ky., November 13, 1908.

Missouri was settled by Kentuckians, and we will have to go over there and lecture them for going for Taft.

American Tobacco Stock dropped thirty-two points on account of the Federal decision to the effect that it is a trust in restraint of trade. The farmer is at the bat now.

The supreme court of the United States has decided that only one race can be taught at Berea. It sustains our court of appeals, which upheld the law against mixed schools.

Senator elect, W O Bradley and the republican Congressmen of this state, have formed a trust to dish out the Federal pie. Wilson carried the state last year and Bryan this year, so it looks like they ought to be consulted.

The Republicans said that the prospects of electing a Democrat as President caused the panic, when every body knows that stock dealing brought it on, and we are not so sure that it was not done as a rebuke to Roosevelt for fighting the fatted corporations.

More restrictions on foreign immigration are necessary to preserve our institutions. Otherwise we will fall a victim to the combined powers. This is inevitable although some think that we are invincible. Another doctrine and practice, which concentrates the wealth of our nation, and impoverishes the masses, is Protective tariff, a republican doctrine.

We heartily concur in the movement inaugurated at Danville, looking to the location of W J Bryan in that city, in order to send him to the U S Senate; but a Republican suggests that Roosevelt be induced to come to Lancaster and lecture, in our School, on Political Economy. This will do if he will tell his students all about Campaign Contributions. Let us know Doctor.

"Better times will come from natural causes and not on account of any party. The genial sunshine, the refreshing shower and the fertile soil are the principle causes of prosperity. Vicious legislation may produce close times, but good will follow as sure as light follows darkness. The drouth, the panic and disturbances over tobacco are passing away and a period of prosperity will follow.

On Monday afternoon former Senator, E W Carmack, editor of the Nashville Tennessean, was shot and killed, in Nashville Tennessee by Robin Cooper, who claimed that his father had been the subject of ridicule through Carmack's paper. The whole trouble grew out of the gubernatorial primary in which Carmack was defeated, and it shows how far men can be led by political envy and prejudice. Both parties are prominent and great excitement resulted from the tragedy.

Democrats find much comfort in the fact that, notwithstanding the nation went republican, several states elected Democratic Governors and other of ficials although the states went for Taft. One sweetly consoling and highly gratifying thought, to Kentucky Democrats, is the fact that the state is redeemed, and the party, being fully united, will elect any men it may nominate in the future. Other states will return to their first love and the principles of eternal justice will yet prevail.

Gov. Johnson has carried Minnesota for Governor three times in succession in face of a normal majority of 100,000 Republican. There must be something unusual in a man who can do that. At any rate, he already looms up as a man to lead Democracy out of the wilderness four years hence. Johnson for President and either Harmon, of Ohio, or Marshall, of Indiana, for Vice President looks mighty good now and will likely look better as the days go by.—Kentucky State Journal.

This sounds all right until you put them up in a national race where, if they win, they might have something to say about reducing the tariff or recommending changes in money; and then those who have made millions out of protective tariff will contribute enough to a campaign fund to defeat all who oppose special privileges. Yet we will try to win next time.

To the Democratic voters of Magisterial District No 1, Garrard County Kentucky:

I am and have been for some time past a candidate for the office of Justice of the Peace for said district. I was a candidate before the recent meeting of the Committee and believe under the party law that said Committee had no right to make a nomination for any office prior to November 1st. I am a candidate for said office and will be until the people say that they do not want me to fill said office and I take this method of informing my friends that I am a candidate and will thank them for their support.
Yours Respectfully,
DAVID DUDDEHAR.

Remarkable Natural Fortress.

In the northern part of Madagascar is the most remarkable natural fortress in the world. It is occupied by a wild tribe who call themselves the People of the Rocks. The fortress is a lofty and precipitous rock of enormous size, 1,000 feet high and eight square miles in area. Its sides are so steep that it cannot be climbed without artificial means. Within it is hollow, and the only entrance is by a subterranean passage.

ANNOUNCEMENT.

To The Voters Of Garrard County Kentucky.

For the past six years I have been frequently urged and solicited by a great number of good democrats of Garrard County to run for some county office, more especially that of Circuit Court Clerk, and no one offering to run for that position, on September 25th 1908 I appeared before the Garrard County Democratic Committee under their call to candidates and submitted my claim for the office of Clerk of Garrard Circuit Court, subject to their action, and on said date the committee called a primary election to be held Saturday, November 28th, 1908, to nominate all candidates who had opposition, among others, to my surprise, that of Circuit Clerk. I again announce myself for that important office to the people, feeling that my experience in said office enables me to discharge the duties thereof better than ever before. As to my qualifications to discharge each and every duty pertaining thereto, I refer to every Lawyer, Judge or other county officer who knows me, in the state of Kentucky. I will not be able to see all of the voters before the primary election but any support you may give me at said primary will be thankfully received and gratefully appreciated by your PUBLIC SERVANT.
Sincerely,
W. B. MASON.

“Boost the Booster!”

That's the official slogan of a certain town in Arkansas which through boosting itself and boosting its boosters has doubled its population since the 1900 census. **BOOST THE BOOSTER!**

The Arkansas town had been quarreling among itself for years, and standing still. It had boosters, but it had others who refused to boost the boosters, refused to stand by them and yell, “Good boy—keep it up!” **BOOST THE BOOSTER!**

Finally the town got together with itself, organized a “Boost the Booster Club” and began to boom. Now its principal thoroughfare, which was a streak of mud, is a stretch of asphalt, and it has new buildings to match. Now everybody boosts the booster and booms the boom.

BOOST THE BOOSTER!

This town might take a hint from that one. We have our town boosters—every town has some. But sometimes they get discouraged because of opposition right here in our midst.

BOOST THE BOOSTER!
Cut out the criticism!
Quit the queering!
Boom the Boom!

Then watch the old town perk up and plunge forward. You can see it move.

WHEN YOU BOOST THE BOOSTER YOU BOOM THE BOOM.

Of New York City. The Town of Millions.

Over 250,000 people work at night. Conny Island is sometimes visited by 500,000 people a day.

A child is born every four minutes, and a death occurs every seven minutes.

In 1885 New York had only twenty-eight millionaires. Now it has over 2,000.

About 45,000 marriages are solemnized every year—one in every eleven minutes.

The principal government gives, yearly, \$50 to each blind person, and it has done so for years.

There are over 3,000 miles of paved streets, which are cleaned the year round by 2,900 laborers.

It is the greatest publishing center on earth. Over 35,000 people find employment as printers and press operators.

The transient hotel population is figured at 250,000 people a day. The hotel properties are valued at over \$80,000,000.

It requires about 15,000 tons of coal to supply New York. About 11,000,000 tons are used to make steam and electricity.

Over 200,000 telephones are required for the “hello” system. They are operated by 8,500 employees, who answer 2,000,000 calls a day.

The private art gallery of J. Pierpont Morgan is the finest in the world. The building cost \$1,000,000 and the art treasures are worth six times that amount.

The underground, elevated, and surface railways represent a total of \$230,000,000 and carry 4,000,000 passengers a day. The city has spent nearly \$2,000,000 in subways.

No. 1 Wall Street is considered the highest priced property in the United States. Several years ago it sold for \$700 a square foot, and it is assessed by the city at a little over \$4 per square inch.

There are two banks on Manhattan Island that are open day and night, excepting Sundays and legal holidays. Three sets of clerks and officers in these banks work eight hours each during the day.

Every business day more than one hundred families, or 500 people, are added to its population.

William A. Clark, the United States Senator from Montana, owns the costliest private house in the world. It is on the corner of Fifth Avenue and Seventy-seventh Street. It contains 121 rooms and 20 bathrooms, besides a Turkish bath.

The entire island of Manhattan was purchased by Peter Minuit from the Manhattan Indians for \$24, or its equivalent in scarlet cloth, brass buttons, and other trinkets. To day the assessable real estate is valued at \$5,400,000,000.

The population is now 4,800,000. London's population is 5,000,000 more, but New York is growing seven times as fast as the British metropolis, and should become the largest city in the world inside of ten years. The population increases at the rate of five to one, compared with the increase of the rest of the country.

The cost to run this great city is more than that of any other municipality. There are nearly 60,000 people on the city's pay roll. To keep the peace there are 7,200 policemen and over 1,200 special officers and watchmen. Over 3,000 men are employed by the fire department, and that part of the city which goes up in smoke every year amounts to nearly \$50,000,000.—Success (N. Y.) Magazine.

Books Make Desirable Christmas Gifts.

Provided The Giver Has Judgment

“If you are in doubt about a Christmas gift, choose a book.” This is admirable advice—provided the buyer is a fit subject to let loose in a bookstore. Each Christmas I invariably receive books from two friends. One of them sends volumes which make vivid spots in my library shelves: she runs to bindings of gorgeous scarlet, blue or green. Her choice is either a stupid novel, drizzling poetry, or some idiotically languid philosophy. Each volume contains an elaborate inscription, which quite precludes its exchange at the bookstore. Last Christmas, from my other book loving friend came what I had long wanted, a volume of quotations. During former years she had discovered such wants as a work on dietetics, a rhyming dictionary and a volume of synonyms, to which I refer every day. Inside each book, with a card that wishes a Merry Christmas, is a line telling where the book was purchased and that it may be exchanged if desired. Only—none of her books are of the kind I want to exchange!—The December Designer.

W G Shropshire, of Winchester, bought of W B Burton, his show mare, Ada Bell, for \$850 and his walk-trot mare, Lucile, for \$250. He also bought a saddle horse from Dave Ross for \$225.
The three days sale of the McGrathian horse sale at Lexington amounted to \$74,010 for 361 head, an average of \$205. O. F. Troutman was among the Jessamine purchasers.

Curtis Skidmore, of Powell county, put five acres in tomatoes; he sold 1-612 bushels at 25c per bushel to the cannery, realizing \$80.60 per acre, besides losing about 500 bushels by premature frost, and the vines make his ground better each year.

Eighty-two head of Angus cattle sold in Chicago at an average of \$200 per head. The highest priced female was imported Black Empress of Abingfield, with heifer calf at foot. She brought \$500. Clover hay cut fine, cooked and steeped in boiling water, makes an excellent change of food for brood sows, or for cows that have recently calved. He later swapped Joe Brown for two magnificent show horses. Mr B. is showing his string at the Spartanburg, S.C., fair this week.—Interior Journal.
More than 100,000 ears of corn will be exhibited in Omaha, Neb., at the corn exposition in December for the world's prizes. The highest prize which will be won on corn will be \$1,000 in cash for the best ten ears of corn in the world, and with this will go the champion premier trophy offered by the Mexican government for the world's best ten ears of corn. This trophy is a reproduction of a famous statue of an Aztec chief and worth \$1,500.
The combined receipts of live stock at six principal live stock markets for the year, 1908 up to close of October were 6,831,000 cattle, 16,622,000 hogs and 7,788,000 sheep. During the corresponding period of last year the seven markets received 7,714,000 cattle, 14,956,000 hogs and 7,916,000 sheep. It will be seen from these figures that the receipts of hogs at these markets increased this year over last year by 1,666,000, while the receipts of cattle decreased 128,000.—Home & Farm.
Considered in almost every sense, fall fresh cows will make more money for the farmer than spring fresh. The yield of milk is considerably greater, and the value of the calf is increased. This, of course, depends on the preparations that are made for winter dairying. Creamery reports show that fall fresh heifers pay larger returns because the bulk of the product is sold when butter fat brings the greatest price.—Taylor County Enquirer.
The Portland Oregonian says: "From standing grain in the field to well baked bread biscuits in twenty-two minutes was the record made in converting the raw material into the manufactured product at Wabburg, Wash., a few days ago. This is said to beat the previous record held by a Minneapolis mill, of twenty-nine minutes. The Minneapolis record was several years ago, and might be improved on at this time, but until the Minnesota farmers begin using combined harvesters and other up to date machinery such as has made the Pacific Northwest famous, the record will remain on this side of the Rocky Mountains."

OVER THE PHONE.
"Hello, hello! who is this, please?" the man at the 'phone impatiently hurried at the mouthpiece.
"This is— Whom do you want?" came back a fainting voice.
"I called for number— Confound it, I've forgotten the number now! Who is this, anyway?"
"Sir, I think you might be a little more polite in your manner toward a lady. You've doubtless got the wrong number."
"How can I tell whether I've got the right or wrong number if you won't tell me who you are? Some women make me tired!"
"You're a gentleman!"
"You're a lady!"
"You're positively insulting. I—"
"Back up! Who are you, anyway?"
"Sir, I'll tell you who I am. I'm the wife of the biggest stockholder in this telephone company. I am Mrs. George Banks, that's who I am, sir!"
"Great Scott, Mary! I've been trying to get you. This is George, your husband!"—Judge.

At Mate Carlo a gambler had won the maximum at "Rouge et Noir" three times in succession.
"There's a fellow running off with a splendid haul of bank-notes," said a spectator.
"Oh," carelessly interjected the croupier, "that makes no difference to the bank. It is merely a bit of money sleeping off for the night."—Royal Magazine.
Tact.
"I have been told," said the assertive woman, "that you are singularly lacking in tact."
"What is your idea of tact?" asked Miss Cayenne.
"I don't know. What's yours?"
"Tact, as a rule, is the ability to conceal one's surprise at foolish or impertinent remarks."—Washington Star.
Re Circus.
"Mister, did you ever see a circus train?" drawled the station master at Bald Eagle Junction.
"I should say I," laughed the soap salesman. "I came down here on a train with 14 honeymoon couples. Talk about a circus train! Well, you should have seen those couples when we entered a tunnel."—Chicago Daily News.
Colds and Croup in Children.

In a certain district of Clydesdale the lodgers of an old widow lady had of late had much cause for complaint regarding the meagerness of the food supply. The other evening one of her lodgers made a remark upon which the Lanarkshire landlady said to him: "Man Tam, it's curious na lodgers are aye swif' witty!" "Ay, wauwau," said Tam, "it's an aul' saying an' a' true yin, there's naething like hunger for sharpenin' the wits!"—Dundee Weekly News.
